Calif

Dear Ms Patton,

I really like visiting your store because I like all of the pens. It is fun to talk to you about writing. When I visited today I liked the Conway Stewart red, white and indigo pen and the tortoiseshell brown pen that looks like my cat Tazzy's fur. I want to buy the pens when my first book gets published and I earn money. Please keep your store open at least until then.

From,  
 Leanna
